

GENERAL DISCUSSION OF THE MOVEMENTS OF POPULATION 1790-1880

In 1880, Henry Gannett analysed the findings of the successive censuses of the United States from 1790 to 1880. You can read the full document [here](#), but the maps he included give a wonderful idea of the westwards expansion of America in the 19th century:

1790:

1880

1900
